Personal Statement

Enthusiastic Part 1 Architectural BSc graduate from The Bartlett School of Architecture, with First Class Honours. A hard working, dedicated individual that has proven myself to be passionate and independent, as well as acting proficiently within a team environment. Looking to secure a position that will allow me to seek motivation in everyday challenges whilst applying rigorous analytical skills.

Employment Timeline

2017 Jersey Archive/Network

Freelance Project, July

Temporary short term commission to photograph, scan and digitally stitch a series of historic Jersey maps for use in a project to understand and analyse cultural and social shifts on the island.

2015 Ransoms Garden Centre

Outdoor and Store Assistant, April 2013- September 2015

Hands on work assisting in stores, gardens and maintenance and off-site delivery. Practical work, often within a team included building outdoor structures, cleaning, painting, planting, watering and transporting resources. Significant elements of the role were administrative in the documentation of deliveries, returns, store operation and maintenance. During the later months of this period, I was heavily involved with training new staff members and took on a delegation role.

2016 BDK Architects

Project Assistant, June - September

A design and administration role allowing me to develop time and resource management skills, alongside observing a design process. Largely consisting of CAD assistance, drawing and modelling for presentation and on-site assistance covering three major (£3.5m) projects, including the Jersey Archive and the JCH Redevelopment. Material estimates, deconstruction plans and hazardous material plans were drawn from scratch for all projects. The majority of the role was individual work, culminating in large team presentations allowing development of key communication skills.

2016 Mollymac

Freelance Project, June

Temporary work helping a small local company establish an online presence through an e-store.

2014 Branchage Festival

Volunteer, August

Three weeks of volunteering with a team. Work was primarily in assembling sets safely and promptly including assistance with the Spiegelent. Enforcing routes, constructing event boundaries and assisting performers and visitors was an ongoing duty.

2013 Young Enterprise Scheme

Marketing Director, September 2012- August 2013

Elected as head of marketing. This role required design and creation of advertisements for the company, a developed marketing plan, management of social media and team liaison. Awarded a Level 3 qualification.

2012 OneStudy Training

Design and Administrative assistant

Data processing, providing marketing solutions and advert design, aiding the team in consistently meeting KPIs. The role also took on general administrative tasks and involved frequent client/team liaison. Returned for Summer temp work providing OneStudy Training with a series of four consecutive print adverts which ran twice in the Jersey Evening Post (readership 52,000). The time period between the brief and the publication was four days, demonstrating an application of skill and communication within an urgent timescale.

2010 Volunteer work

Volunteer, design work 2010- 2014

Volunteer work providing the First Tower Community Association with design and media support for events. This included graphic work, filming, editing and creating promotional videos. Assistance was also provided in set up and deconstruction of events.

2010 BDK Architects

Internship Summer and Spring Trident

A two week design project creating a dwelling for one, leading to a two month internship assisting in the development of the St. Brelade's Bay Hotel project and health club. Creating and editing floor plans and rendering visuals. I remain an active student member of the Association of Jersey Architects.
